U-Flate Expansion Platform

- A round piece of plastic with a valve stem like a car tire and a big hose clamp that fits around the outside
- It is used to inflate the skin and stretch it, so it will be easier to get over the prosthesis
- After it is over the prosthesis, heat the skin and it shrinks back to size

Product No. **UF100**

One Step Ahead Skin Sleeve

- Removable skin sleeve
- When properly used, the amputee can shower or swim wearing the “One Step Ahead” skin
